Graduation

Our church will be celebrating our graduates at the end of the month. As high school and college graduates look to the end of their current school “careers” and decide what to do next, it is a great time for all of us to consider our next steps in life. What direction is God pointing us? What brave new thing does He want us to do with His help? Sometimes we get an idea in our heads and dismiss it quickly thinking we would never be good at that. If you look at the stories of Moses in

May 2021

Exodus 3 and Gideon in Judges 6, you see two people who thought they could never do what God was asking them to do. But what they both realized later was that God was not asking them to do it alone. He was asking them to move and rely wholly on Him. Any new challenge can only be accomplished through the strength God gives us. Don't continue to only do things you already know how to do, or continue living life on autopilot. Look for God's miraculous hand and do something entirely new. Let us graduate from our simple lives and live lives completely reliant on God. When we are out of our comfort zone, then God can move in mighty ways.
